

TECHNICAL INFORMATION

Article number	HAC.589CLE
Color	Clear
Height	160 mm
Width	108 mm
Length	160 mm
Weight	200 g
Material	Tritan PCTG
Pieces per box	10
Ean piece	10

PRODUCT INFORMATION

750ml BPA Free Copolyester Graduated Jug available in a choice of 6 translucent colours.
The jug is made out of high quality copolyester, which is virtually unbreakable and has excellent chemical resistance.
The jug is graduated every 25ml with the measurements in metric and imperial. It can be used to monitor liquid consumption as well as to dilute concentrates correctly.
Matching colour lids that are compatible with this jug are also available
