PRODUCT INFORMATION

Our 2 Handled Beaker is available in 5 colours. Made out of high quality polycarbonate, which is virtually unbreakable and will not shatter or splinter, when dropped. The graduation on the front of the beaker helps monitoring the consumption and therefore keeping hydrated. The 2 round handles make the beaker easy to hold and is ideal for people who need extra stability when drinking. This product has proven to be extremely popular and useful in the healthcare sector, from hospitals, to nursing and care homes. A choice of two types of spouts is also available to match with this product. They come in three different colours and depending on the needs, a narrow (HAO.030N) or wide (HAO.030W) spout design.
