PRODUCT INFORMATION

This Small White Rectangular Plate is perfect for storing and serving fresh salads, side dishes, sandwiches, cakes etc.

The bowl is made of polycarbonate plastic, which is virtually unbreakable. These plates are dishwasher and microwave safe for reheating food.

An optional plate cover (sold separately) is also available on our website in a clear colour so you can see the contents of the plate without uncovering it. It is perfect for keeping your meals fresher for longer. It?s also great if portions of food need to be prepared in advance as the lid makes the plates stackable.
