PRODUCT INFORMATION

This short Stem Glass is stackable ? perfect for serving wine, water, cocktails, desserts or even appetizers in style at your events! Made out of quality copolyester, which is virtually unbreakable and BPA free. Strong and robust, yet very stylish and elegant. Its classic design allows for so many uses. Lightweight and durable barware piece with high quality, refined finish. This tumbler gives the appearance of glass, but with the enhanced safety and durability of plastic. The design of the glasses allows for them to stack perfectly. Perfect addition to any home to serve your alluring cocktail creations in real style. Your appetizers or desserts will make a real talking point!
