PRODUCT INFORMATION

Available in a translucent blue colour with frosting effect panels. The tumblers have external stacking lugs, which make it easier to separate the glasses. The tumblers are made of high quality copolyester, which is virtually unbreakable. These tumblers are dishwasher safe and have a naturally high chemical resistance. The matt finish of the frost panels extend the lifespan of the tumblers and gives them that trendy look. Great for using the tumbler as a dessert, fruit or snack pot and allows for the tumblers to be stackable, when in use. Extremely lightweight and durable tumbler, which is great for everyday use.
