PRODUCT INFORMATION

Our Harfield Narrow BPA Free Copolyester Spoon is available in a range of 5 colours. Ideal to use for serving ice cream, sundaes or other desserts. It is also suitable to use with hot as well as cold drinks or as a tasting and feeding spoon. The extra long handle makes it an ideal spoon for condiments, jams etc. as it allows to reach the bottom of the jar.

It is dishwasher safe and has a naturally high resistance to chemicals. Made out of high quality, virtually unbreakable copolyester. Extremely lightweight, reusable and durable cutlery piece.

A wide flat edge copolyester spoon option is also available on our website in same colours
