PRODUCT INFORMATION

Our Harfield Wide BPA Free Copolyester Spoon is available in a range of 5 colour choices.

Ideal to use for serving ice cream, sundaes or other various desserts. It is also suitable to use with hot as well as cold drinks or as a tasting and feeding spoon. The extra long handle makes it an ideal spoon for condiments, jams etc. as it allows to reach the bottom of the jar.

It is dishwasher safe and has a naturally high resistance to chemicals. Made of high quality, virtually unbreakable copolyester.

Extremely lightweight and durable cutlery piece. A narrow flat edge copolyester spoon option is also available on our website in same colours
