PRODUCT INFORMATION

This Assisted Living Plate Cover is available in white colour. It is made out of copolyester which is robust, yet lightweight, making it a durable solution to meet your catering needs. It is ideal for secure and easy stacking of multiple pre prepared meals. The cloche is compatible with our assisted living plates. The lid is a perfect solution to keep the ingredients fresher for longer and it provides extra protection during meal service to keep the food warmer for up to 45 minutes. Also used as a cover for transporting plated food for room service. The cloche is microwave safe for reheating food and dishwasher safe.
