## PRODUCT INFORMATION

Our White Speckle Soup Bowl is made out of high quality polypropylene plastic, which is extremely robust and lightweight. An optional clear lid compatible with this bowl is also available. The lid has a small cut out on the rim, that allows to keep a ladle or spoon inside the bowl, ready for serving. Made out of high quality polypropylene plastic, which is extremely robust and lightweight. The capacity of our bowl is perfect for holding multiple portions of soup, which makes it a great dish to use in the middle of the table for self service or at buffets. Also ideal to use with food trolleys for room service, for example, in healthcare establishments.
