PRODUCT INFORMATION

Our single compartment black 500ml bowl comes with a clear lid(sold seperately). This dish is perfect for storing and transporting your freshly prepared meals. It comes with a hermetic seal lid that will allow you to keep your food fresher noticeably longer. Suitable for storing both hot and cold foods. Both, box and lid are dishwasher safe up to 80°C. They are also microwave safe for reheating food. Suitable for fridges and freezers as well (minimum temperature -30°C). Both parts are made out of high quality polypropylene, making this bowl very lightweight, yet extremely durable. It will not chip, splinter or shatter if dropped. This product is 100% recyclable and reusable.
