PRODUCT INFORMATION

This ABS Tray with handle is a great solution for easier and safer meal carrying. Made out of hard-wearing ABS plastic, making it a strong and very durable solution to meet your catering needs. These trays are lightweight, but robust, with a textured base to help reduce scratching. ABS has a natural high resistance to staining and breakages. High sides of the tray will aid reducing spillages. The trays are very easy to separate. Designed to be stackable, which allows for better space management. Our ABS tray is dishwasher and sterilising sink safe.
